CANDIDATE STATEMENT: In 300 words or less, state why the role is of interest to you, what you hope to bring to the design community through a position on the chapter board.

My passion and love for design has been a part of me my entire life. Great design is around us all the time and I seek it out daily - from the smallest detail to large structures and spaces. I strive to never miss an opportunity to capture an element of great design. This passion is why I am interested in the role of Director at Large of ASID. With ASID being an organization that supports and promotes design, I would be thrilled to have the opportunity to learn and create more ways to support the role and importance of design and those of us who design in hopes of making the world a better place to live. Most people think design is stagnant - something is designed, it is created and then it is that way from that point on. This could not be further from the truth. Design is ever-changing and it is important for us as designers to take note of that, to do our part in making everyone else aware of it and to continue to find solutions for issues that present themselves. It is the element of design that dictates how a space is utilized, enjoyed and loved. ASID is a wonderful organization that gathers like-minded individuals to create a unified force that brings awareness of the importance of great design, the technicalities that are a part of great design, educating its members on how to achieve great design, and providing resources for every element. Through this position with ASID, I would hope to implement opportunities that inspire creativity and thought-provoking design to its members. I would like to reach out to individuals who may not be designers but who create on a daily basis and showcase their skills in educational workshops. Knowing that a network of resources is invaluable, I would also like to work on providing a platform of sharing resources among the ASID members to make us stronger better designers.

I further understand that should these events occur during my term it will result in immediate expulsion from the board and thereafter I shall be permanently precluded from holding elected office in the Society or in any of its chapters.
