CANDIDATE STATEMENT: In 300 words or less, state why the role is of interest to you, what you hope to bring to the design community through a position on the chapter board.

My journey with ASID Pennsylvania East began in 2022 as the Student Representative during graduate school, and it has been one of the most rewarding parts of my professional path. From hosting Student Career Day to serving as Professional Development Director, I've grown alongside this chapter, deepening my commitment to mentorship, education, and building a thriving design community. Now, I am excited to continue that trajectory as a candidate for President-Elect for FY25.

Over the past three years, I've led initiatives that connect students, emerging professionals, and industry leaders, creating spaces for meaningful engagement and growth. I've helped expand CEU programming, developed strong partnerships with IIDA and NEWH, and worked with passionate volunteers to break attendance and sponsorship records for our annual Student Career Day. Through these experiences, I've seen the power of collaboration and how vital it is to nurture a sense of belonging within our chapter.

As President-Elect, I will work to further the growth of ASID Pennsylvania East by enhancing the member experience at every level. I want to ensure that our programs are relevant, accessible, and responsive to the needs of our diverse membership. From increasing student engagement to supporting established professionals through continuing education and advocacy, I will lead with empathy, energy, and a forward-thinking vision.

This chapter helped me find my place in the Philadelphia design community. I am ready to give back through strong, inclusive leadership, ensuring that every member feels supported, inspired, and proud to be part of ASID PA East.
